Docket No. 98N-1265
Food and Drug Administration

Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular,
I OBJECT to the definition of "inordinate amount" which restricts the availability
and the right to obtain medically necessary compounded medications by limiting
the number of prescriptions that can be shipped across state lines from specialized
compounding pharmacies.

COMMENTS:

Natural progesterone has
eliminated the symptoms of depression
and other premenstrual symptoms
that I experienced every month when
on the synthetic progesterone (Provera)
so women we need to ~~have~~ have a
choice go to which is better for her
as an individual.
